

Become a Jr. Animal Scientist!

Sign your child/students up to be Jr. Animal Scientists! This brand new membership from the American Society of Animal Science (ASAS) is a great way for kids to learn about science and the animal world.

Through the *Jr. Animal Scientist* magazine and special online resources, kids can learn about pets, farm animal and zoo animals. Scientific information is tailored for kids ages 5 to 12. Eye-catching photos and exciting animal activities add to the fun! Plus, all Jr. Animal Scientists get special prizes just for joining.

School and Club Memberships geared toward students in grades K to 7 are also available. Students in grades 8 to 12 can find animal science resources on AnimalSmart.org or in the magazine *Animal Frontiers*.
