- Fort Collins Area Accommodations are also available. A list compiled by Conference Services will be posted on the ASAS web page <http://www.asas.org/western02/>.

Locale: We're known as "The Choice City" for lots of good reasons. Fort Collins is a recreation paradise. It's a shopper's heaven, a diner's delight! It's a college town, a big city. It's fast-paced and laid-back, upscale and low key. Fort Collins is the Old West and the New West. And the weather? How's 300 days of sunshine sound? Welcome: The faculty, staff and students of Colorado State University Animal Sciences Department wish to welcome you to attend the WSASAS meetings with us. We are anxious to show off our state, campus and department. Come enjoy a great meeting!
