

FAQ Page

What are the screen dimensions?

The actual useable screen size is 40.97 x 23.04. Slide or page sized should be set to these dimensions for best results.

What are the stand dimensions?

- Landscape Mode
 - Height – 83½” (~7ft)
 - Width – 43½” (3.6ft)
 - Depth – 38 1/3” (3.2ft)

Are portrait or landscape presentations accepted?

For the 2016 ASAS Joint Annual Meeting, we will only be accepting **landscape** presentations.

Which presentation software's are installed on the computers/tablets?

All of the electronic posters should be created using our landscape power point template. Please download the template from the conference website.

Average number of pages in an e-poster?

On average, presenters will normally have 3-5 pages of content on their e-posters. Additional pages can be used for hyperlinked (enlarged) images, rotating graphics or for videos.

How large can the e-poster files be?

We suggest limiting your e-poster file size to 100 MBs or less.

How should I save my presentation?

The eposter files should be saved as last name. first name.

What's included with an ePosterBoard?

Each ePosterBoard consists of a 47 inch flat-panel monitor, mobile stand, shelf, Mac-Mini computer and/or surface tablet, mouse device, and cable connectors.

How do I advance slides?

Presentations will be setup to advance manually using the navigation buttons that we will embed into the presentations. We provide a mouse device with each ePosterBoard so that you can advance your presentation at your own discretion.

Is there on-site technical assistance?

Yes, we provide technical assistance both before and during the conference. There will always be at least 2 ePosterBoards technicians on-site to assist the presenters with questions.

How much energy do the ePosterBoards use?

All of the ePosterBoards are low energy systems that only use 110 Watts of power. Each ePosterBoard (monitor and mac-mini computer/surface tablet) can use up to 1 Amp of power.

Is there assistance with e-poster creation?

Yes, we have expanded our ePosterBoards service to include an e-poster design business. Our poster designer will custom design an interactive and dynamic e-poster for you with all of the contents that you provide for him. Please contact our designer, Kathryn Phillippe

(kathrynn.phillippe@eposterboards.com), for more information on prices and designs.

How do I send in my e-poster?

All of the e-posters can be sent directly to the ePosterBoards staff via their website. Here is the link to the upload page: <http://eposterboards.com/e-poster-upload/>. Please make sure to send us any video files that you have in your e-poster presentation.

What should I bring to the poster session?

Please make sure that you bring an electronic copy of your presentation with any multimedia files on a flash drive to the event.

When are the e-posters due?

All of the e-posters should be submitted by **june 19th 2016** at 5 p.m (EST).

Can I edit my poster on-site?

We can accept minor changes to the posters, but everything will be formatted in the e-poster kiosks. We would like to limit the amount of last minute changes, so please make sure to send us the final version of your presentation by **June 19th 2016**.

Who should I contact for eposter formatting questions?

If you have questions about formatting your presentation, please contact our tech support team at: <http://www.eposterboards.com/support/>.
