Abstract Submission Site Instructions

You will need to create a new account within the CadmiumCD system by clicking the “Join Now” button.

Welcome to the 2020 Annual Meeting Submission Site

General Information
Members are encouraged to submit original research, teaching, and extension papers. Oral papers or posters should consist of original, completed work that has not been accepted for publication in a journal.

Authors need to be aware of patent considerations before submitting abstracts for publication.

After the deadline, it will not be possible to submit abstracts. When you submit your abstract, you will be given an abstract ID number and password. Make a note of these; they will allow you to revise your submitted abstract at any time before the deadline. Please have the abstract ID number on hand when contacting the ASAS office with questions or concerns regarding your abstract submissions.

Click here for a list of the Competition Guidelines.
Click here to view the Quality Standards for Abstracts.

Submission Fees
There is a required $40 technology fee per abstract due upon submission. This fee helps mitigate the cost of e-Posters and the Virtual Meeting.

The system will not let you proceed to the confirmation step until an abstract is paid for.
