July 5-12, 2018
Vancouver, Canada

Overview of CadmiumCD Abstract Submission Site:

You will need to create a new account within the CadmiumCD System by clicking the "Join Now" button.

Abstract ScoreCard   Conference Details | Technical Support

Welcome to the 2018 Annual Meeting Submission Site

General Information

Members are encouraged to submit original research, teaching, and extension papers. Oral papers or posters should consist of original, completed work that has not been accepted for publication in a journal.

Authors need to be aware of patent considerations before submitting abstracts for publication.

After the deadline, it will not be possible to submit abstracts. When you submit your abstract, you will be given an abstract ID number and password. Make a note of these; they will allow you to revise your submitted abstract at any time before the deadline. **Please have the abstract ID number on hand when contacting the ASAS office with questions or concerns regarding your abstract submissions.**

Click here for a list of the Competition Guidelines.

Click here to view the Quality Standards for Abstracts.

Click here to view information on the AnimalX talks for the Opening Session

Submission Fees

There is a required $40 technology fee per abstract due upon submission. This fee helps mitigate the cost of e-Posters and the Virtual Meeting.

The system will not let you proceed to the confirmation step until an abstract is paid for.

The red X will turn to a green check mark once all information is added for a speaker. Once all authors have been added and the green check mark appears by each author, click one of the "Save Authors" buttons to continue.

AUTHOR INFORMATION   Save Authors

Please create the list of authors for this submission. The primary authors will be the first author in the list. You can move authors down in the list with the 'down' buttons, as well as remove them with the 'X' buttons. To add new authors just type in an email address in the field next to the 'plus' button.

To add an author:

- Type the author's first name, last name, and email address.
- Click 'Add Author.'

To complete an author's profile:

- Click on the author's name to complete the profile.
- A **green check mark** indicates a complete profile.
- Once the profile is complete, click 'Save Authors' to complete the task.

Update the title if needed and complete the abstract text box, please refer to the instructions and Quality Standards for Abstracts document when preparing your submission. Once completed, click one of the "Continue" buttons to return to the task list.

ABSTRACT SUBMISSION

Continue
Abstract Requirements
The author submitting the abstract is responsible for its content and the quality of the preparation.

Abstracts are required for all general presentations and all student competitions. Invited Speakers are not required to submit an abstract.

Individual Program Committees have the responsibility of accepting or rejecting abstracts. Criteria for acceptance or rejection will include those outlined in these "Quality Standards for Abstracts" on the right side of the page, as well as originality, clarity, and merit. Consolidation of results into one combined paper is urged whenever possible.

Please note: Abstracts will only be accepted or rejected. There will be no revisions after the deadline.

The Overall Program Chair has the authority to restrict the number of abstracts accepted. The Program Committee Chairs have the authority to restrict the number of presentations per presenter. However, there is no limit on the number of abstracts an individual may submit. **Please note: the presentation format you request may not be the format assigned to an accepted abstract.** Individual Program Committee Chairs have the prerogative of placing papers submitted for oral presentation into a poster presentation, or vice versa.

Proposal Title
A proposal must have a short, specific presentation title (containing no abbreviations) that indicates the nature of the presentation.
